Dear Parents/Carers

This term in our Y9 PSHE curriculum we will continue building on our RSE lessons from Y7 and Y8 to provide more detailed education on contraception, choices and consequences including unplanned pregnancy and sexually transmitted diseases. We will also look at consent and the importance of this within relationships as well as different types of loving relationships.

We will also be recapping sexting and cyber awareness as well as looking at grooming and county lines later on in the year

All of this will be delivered in the framework of respect for the individuals, their mental and physical health and welfare as well as following the legal framework.

After Christmas we will be spending some lessons looking at dementia. We will be looking at the signs and symptoms, the impact on all those involved and what we can do to help and support a dementia patient

Towards the end of the academic year we will be looking at SMART targets and helping to prepare the students for KS4. We will also be introducing the topic of first aid for all students

If you have any queries about what will be covered in these lessons please do get in contact with either Ms Young or Mrs Biles

Kind Regards
